to Basic Emergency Care*

THE SATELLITE EMERGENCY DEPARTMENT

Serving the community 24 hours per day, seven days per week, the Satellite Emergency Department at the

Muhlenberg Campus is staffed with a team of board-certified emergency physicians and nurses, offering the same capabilities as a conventional Emergency Department. The Satellite Emergency Department is able to evaluate and initiate stabilizing treatment for the same wide-range.

LOCATION OF THE SATELLITE EMERGENCY DEPARTMENT

The Satellite Emergency Department is located at the current site of the Muhlenberg Emergency Department, Park Avenue and Randolph Road, Plainfield.

HOURS OF OPERATION

The Satellite Emergency Department is open 24 hours a day, 7 days a week.

Medical Services Provided by the SATELLITE EMERGENCY DEPARTMENT

The Satellite Emergency Department will treat adult and pediatric patients with general medical conditions such as:

- **Colds, Flu, Sore Throats, Ear Aches, Sinus Infections**
- **Mild Asthma**
- **Minor Burns**
- **Sprains/Broken Bones**
- **Fevers/Rashes**
- **Lacerations/Stitches**

The Satellite Emergency Department and the Muhlenberg Campus also provides:

- **Diagnostic Imaging/Radiology services:
X-ray, ultrasound, CT-scan, Mammography**
- **On-site laboratory testing**
- **Waiting areas for families during the care,
treatment and/or observation of patient.**

TRANSPORTATION

Free transportation for patients and families is available to all who require transfer to an acute care setting. Please refer to our website www.muhlenberg.com for a full description of the transportation services and a Frequently Asked Question (FAQ) page.

HOSPITALIZATION

The staff at the Satellite Emergency Department will stabilize those patients who require transfer to an acute care hospital; and an appropriate transportation vehicle will be available to transfer patients to JFK Medical Center or other hospitals as appropriate.
