**Re: NJ Executive Order NO. 154, DCA Administrative Order NO.2020-09**

Dear Plainfield Business Owner,

As we enter into Phase 2 of New Jersey's reopening, it is essential to remember that we still need to take precautions to limit the spread of COVID-19 and protect the health of the public.

Businesses licensed by the New Jersey State Board of Cosmetology and Hairstyling must follow the comprehensive health and safety standards issued by the Division of Consumer Affairs, including but not limited to:

- Limiting services to appointment-only;
- Performing prescreening and temperature checks of clients and staff before entering the facility;
- Ensuring staff-client pairs remain at least six feet apart unless separated by physical barriers;
- Requiring the use of personal protective equipment, and requiring clients to wear face coverings at all times, regardless of the service they are receiving;
- Adopting enhanced cleaning and disinfection practices; and
- Stay informed about new developments and guidance related to COVID-19.

For full guidelines, please refer to your enclosed a copy of the Division of Consumer Affairs Administrative Order NO.2020-09 and NJ Executive Order NO. 154. Please note, failure to adhere to these guidelines may result in further enforcement and legal action.

We appreciate your cooperation, and please do not hesitate to contact my office for additional information or questions.

Thank you,

Dr. Atif Nazir
